Membership benefit

Membership Benefits

The Ethiopian Physiotherapy Association (EPTA) offers a comprehensive array of benefits to its members enhancing both professional development and collaboration within the field. Some of the prominent benefits are outlined below:

1. Strengthening and Advocating the Profession

- EPTA collaborates with member private clinics to facilitate access to specialized professional training and mentorship opportunities.
- Joint efforts with member clinics to raise awareness about the physiotherapy profession in mainstream media and across social media platforms.
- Report regular updates about EPTA's activities, as well as national and international developments related to the physiotherapy field.
- Establishment of a platform for direct communication between private clinics and EPTA for discussions on standards and issues involving governmental organizations.

2. Minimizing Malpractice

EPTA actively cooperates with private clinic members and relevant governmental bodies to struggle with malpractice within the country.

3. Certification Benefits

- Provision of official membership certifications to private clinic members.
- Annual assessment and certification of clinic standards based on EPTA's criteria and standards through professional evaluations.

4. Exclusive Collaboration and Special Benefits:

- Facilitation of inter-clinic collaboration by linking member clinics, enabling knowledge sharing, patient referrals, and the exchange of new findings.
- Member private clinics receive a discounted rate for advertising their services on EPTA's official website and social media platforms.
- Establishment of partnerships with external organizations to offer specialized benefits such as banking services, insurance options, medical equipment discounts, and offers.

5. Networking and Partnership Opportunities

- EPTA membership provides extensive networking opportunities with diverse organizations.
- Affiliation with World Physiotherapy enhances participation in various national and international organizations.

6. Online Directory Listing for Services and Products

- Only member private physiotherapy clinics are featured in the association's affiliate directory, enhancing their visibility.
- Regular updates of contact lists, service providers, medical equipment suppliers, job alerts, and other relevant information on the EPTA website and in printed materials.
